**TABLE 6.4-5**

**Inactive Oil and Gas Wells within 0.25 mile of the NEXUS Project**

State, Facility	County	Tract a/	Well Type b/ c/	Milepost d/	Distance to workspace (Feet)
<p>c/ Plugged gas with oil show = Inactive (plugged with cement or other approve material) gas well where oil was also observed.            Plugged oil with gas show = Inactive (plugged with cement or other approve material) oil well where gas was also observed.            Plugged dry hole = Inactive (plugged with cement or other approve material) drilled well that is not productive of oil and/or gas or cannot be used for the purpose or which it was drilled.</p>					
<p>d/ Approximate milepost along the pipeline rounded to the nearest tenth of a mile.</p>
