City of Oberlin, Ohio

ORDINANCE No. 11-60 AC CMS

AN ORDINANCE AUTHORIZING THE CITY MANAGER TO SUBMIT AN APPLICATION TO THE DISTRICT 9 PUBLIC WORKS INTEGRATING COMMITTEE FOR OHIO PUBLIC WORKS COMMISSION ISSUE II FUNDING FOR IMPROVMENTS TO THE INTERSECTION OF STATE ROUTE 58 AND STATE ROUTE 511 AND DECLARING AN EMERGENCY

BE IT ORDAINED by the Council of the City of Oberlin, County of Lorain, State of Ohio, five-sevenths (5/7ths) of all members elected thereto concurring:

SECTION 1. That the City Manager is hereby authorized and directed to prepare and file an application with the District 9 Public Works Integrating Committee for Ohio Public Works Commission Issue II Round 26 funding for the following project:

State Route 58 and State Route 511 Intersection Improvements

SECTION 2. That the City Manager is hereby authorized to accept said Issue II Round 26 funding if the application is approved.

SECTION 3. That the City of Oberlin hereby agrees that if said Issue II Round 26 project is funded, the City of Oberlin will provide local matching funds as designated in the application.

SECTION 4. It is hereby found and determined that all formal actions of this Council concerning or relating to the adoption of this ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

SECTION 5. That this ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health or safety of the citizens of the City of Oberlin, Ohio, or to provide for the usual daily operation of a municipal department, to wit:

"in order to allow for the filing of an Issue II grant application in a timely manner", and shall take effect immediately upon passage.

4.3 Project Description

A: SPECIFIC LOCATION (Supply a written location description that includes the project termini; a map does not replace this requirement.) 500 character limit.

This project will take place at the intersection of state routes 58 and 511 in Oberlin. The project termini are approximately 100' north and south on SR58 and 100' east and west on SR511. (See maps).

B: PROJECT COMPONENTS (Describe the specific work to be completed; the engineer's estimate does not replace this requirement) 1,000 character limit.

To improve intersection function from LOS D (estimated) to LOS C (calculated, year 2031) the project will include:

- 1) Corner radius improvements (NE, NW, SE) (SW TBD) to facilitate truck traffic movements and allow right-on-red traffic movements
- Replacement of the existing diagonal pole/mast arm traffic signal system with a "box-style" system to match existing traffic signal systems at the intersections of SR58/College and SR58/Vine streets
- 3) Energy efficient LED signal heads
- 4) New traffic controller
- 5) The Opticom fire department traffic control system to provide truck-activated radio frequency control to place all 4 signals in stop (red) mode
- 6) Pedestrian walk/don't walk signs with countdown indicators and hand-activated controls. May include audio signal and diagonal pedestrian crossing movements to facilitate access to the Middle School 1/2 block to the north on SR58
- 7) Re-alignment of crosswalks/sidewalks and new ADA compliant sidewalk ramps

C: PHYSICAL DIMENSIONS (Describe the physical dimensions of the existing facility and the proposed facility. Include length, width, quantity and sizes, mgd capacity, etc in detail.) 500 character limit.

SR511 is 28' wide; north leg of SR58 is 32' wide, south leg is 50' wide with diagonal parking on the east and parallel parking on the west. Turn-out radii on all 4 corners is approximately 25'. 775' of curb will be replaced and new base and paving layers will be installed to provide tapered approaches and to increase turn-out radii to about 50'. The project will extend approximately 100' north, south, east, and west from the intersection of the center-lines of the state highways.

5.0 Project Officials

Changes in Project Officials must be submitted in writing from an officer of record.

6.0 Attachments / Completeness review

Confirm in the boxes below that each item listed is attached (Check each box) A certified copy of the legislation by the governing body of the applicant authorizing a designated official to sign and submit this application and execute contracts. This individual should sign under 7.0, Applicant Certification, below. A certification signed by the applicant's chief financial officer stating the amount of <u>all local share</u> funds required for the project will be available on or before the dates listed in the Project Schedule section. If the application involves a request for loan (RLP or SCIP), a certification signed by the CFO which identifies a specific revenue source for repaying the loan also must be attached. Both certifications can be accomplished in the same letter. A registered professional engineer's detailed cost estimate and useful life statement, as required in abla164-1-13, 164-1-14, and 164-1-16 of the Ohio Administrative Code. Estimates shall contain an engineer's seal or stamp and signature. A cooperative agreement (if the project involves more than one subdivision or district) which identifies the fiscal and administrative responsibilities of each participant. Farmland Preservation Review - The Governor's Executive Order 98-IIV, "Ohio Farmland Protection Policy" requires the Commission to establish guidelines on how it will take protection of productive agricultural and grazing land into account in its funding decision making process. Please include a Farm Land Preservation statement for projects that have an impact on farmland. Capital Improvements Report. CIR Required by O.R.C. Chapter 164.06 on standard form. Supporting Documentation: Materials such as additional project description, photographs, economic **V** impact (temporary and/or full time jobs likely to be created as a result of the project), accident reports, impact on school zones, and other information to assist your district committee in ranking your project. Be sure to include supplements which may be required by your local District Public Works Integrating Committee.

7.0 Applicant Certification

The undersigned certifies: (1) he/she is legally authorized to request and accept financial assistance from the Ohio Public Works Commission as identified in the attached legislation; (2) to the best of his/her knowledge and belief, all representations that are part of this application are true and correct; (3) all official documents and commitments of the applicant that are part of this application have been duly authorized by the governing body of the applicant; and, (4) should the requested financial assistance be provided, that in the execution of this project, the applicant will comply with all assurances required by Ohio Law, including those involving Buy Ohio and prevailing wages.

Applicant certifles that physical construction on the project as defined in the application has NOT begun, and will not begin until a Project Agreement for this project has been executed with the Ohio Public Works Commission. Action to the contrary will result in termination of the agreement and withdrawal of Ohio Public Works Commission funding from the project.

Eric P. Norenberg, City Manager

OHIO DEPARTMENT OF TRANSPORTATION

CENTRAL OFFICE • 1980 WEST BROAD STREET • COLUMBUS, OH 43223 JOHN R. KASICH, GOVERNOR • JERRY WRAY, DIRECTOR

March 31, 2011

Jeff Baumann
Public Works Director
80 Spring Street
Oberlin, Ohio 44074

Dear Mr. Baumann,

The Ohio Department of Transportation (ODOT) is pleased to inform you that the City of Oberlin Pedestrian countdown devices, school zone flashers, sidewalk improvements, curb ramps, crosswalk and signal improvement project has been approved for Safe Routes to School (SRTS) funding. The amount of funding awarded is \$445,581.

SRTS Project Award Details:

Environmental:	\$ 13,654
Design:	\$ 37,303
Construction:	\$ 376,127
Construction Engineering:	\$ 18,497
Sale Date: April 2012	

This selection is pending approval of a final project scope with ODOT representatives. The project scope is necessary to establish final cost estimates and program milestone dates to guide project development. Upon completion of the project scope, ODOT will verify the amount of funding and when funds will be available.

Please contact Julie Cichello, in the ODOT District 3 office at 419-207-7168, or by email at iulie.cichello@dot.state.oh.us to schedule a scope meeting and start the process of developing your project. It is very important to establish solid commitment dates for your project because failure to meet the commitment dates could result in funding being withdrawn.

If you have any questions, please feel free to contact Julie Walcoff at 614-466-3049 or by email at iulie.walcoff@dot.state.oh.us. We look forward to working with you as you continue to develop your SRTS program.

Respectfully,

Julie Walcoff, SRTS Program Manager Ohio Department of Transportation

cc: Julie Cichello, D03

Project Description: Install pedestrian signals with countdown indicators on all legs of SR 511/SR 58 Intersection.
