City of Oberlin, Ohio

ORDINANCE No. 12-66 AC CMS

AN ORDINANCE AUTHORIZING THE CITY MANAGER TO SUBMIT AN APPLICATION TO THE DISTRICT 9 PUBLIC WORKS INTEGRATING COMMITTEE FOR OHIO PUBLIC WORKS COMMISSION FUNDING FOR SOUTH PROFESSOR STREET IMPROVEMENT PROJECT PHASE I AND DECLARING AN EMERGENCY

BE IT ORDAINED by the Council of the City of Oberlin, County of Lorain, State of Ohio, five-sevenths (5/7ths) of all members elected thereto concurring:

SECTION 1. That the City Manager is hereby authorized and directed to prepare and file an application with the District 9 Public Works Integrating Committee for Ohio Public Works Commission Round 27 funding for the following project:

South Professor Street Improvement Project Phase I

- SECTION 2. That the City Manager is hereby authorized to accept said Issue II Round 27 funding if the application is approved.
- SECTION 3. That the City of Oberlin hereby agrees that if said Issue II Round 27 project is funded, the City of Oberlin will provide local matching funds as designated in the application.
- SECTION 4. It is hereby found and determined that all formal actions of this Council concerning or relating to the adoption of this ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.
- SECTION 5. That this ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health or safety of the citizens of the City of Oberlin, Ohio, or to provide for the usual daily operation of a municipal department, to wit:

"in order to allow for the filing of an Ohio Public Works Commission grant application in a timely manner", and shall take effect immediately upon passage.

PASSED:

1st Reading - September 4, 2012 (S, E)

2nd Reading - 3rd Reading -

ATTEST:

BELINDA B. ANDERSON, CMC

CLERK OF COUNCIL

RONNIE J. RIMBERT

PRESIDENT OF COUNCIL

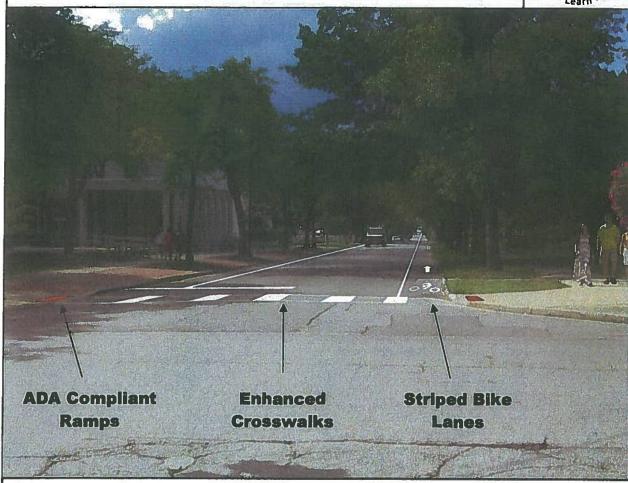

POSTED: 09/05/2012

4.3 Project Description

A: SPECIFIC LOCATION (Supply a written location description that includes the project termini; a map does not replace this requirement.) 500 character limit.

Professor St. is a 1.5 mile primary collector one block west of SR58 from Butternut Ridge Rd. in New Russia Twp. south through the Oberlin College campus ending at Hamilton St. at the Lorain County Metroparks SplashZone. Professor St. eases congestion on SR58 as an alternate route for residents, businesses and visitors to access all points along Oberlin's north/south axis.

The project area is S. Professor St., from West College St. south 2,700' across Plum Creek to the North Coast Inland Trail.

B: PROJECT COMPONENTS (Describe the specific work to be completed; the engineer's estimate does not replace this requirement) 1,000 character limit.

The City will continue planning discussions with Oberlin College that began during our Round 25 project. We used the 'Complete Streets' model as the design basis for improvements to enhance pedestrian and bicycle access and safety.

Preliminary specifications call for the replacement of deteriorated sandstone curb with new Type 6 curb including new under drain to enhance service life. Curb replacement will include new ADA-compliant ramps and pavement crosswalk markings at all intersections. Approximately 3" of existing asphalt pavement will be planed or down to the original brick street. 10% select pavement base repair is expected to be included. New asphalt leveling and surface courses of 1 ½" each ODOT 448, Types 1 and 2. Bike lanes will be added in each direction to connect the Central Business District to the North Coast Inland Trail. Active transportation improvements will encourage safe, healthful transit for school children, college students, residents and visitors.

C: PHYSICAL DIMENSIONS (Describe the physical dimensions of the existing facility and the proposed facility. Include length, width, quantity and sizes, mgd capacity, etc. in detail.) 500 character limit.

Existing and Proposed Dimensions by segment on South Professor St.

Segment	Length	Width
West College to Vine	1,062'	29'
Vine to Morgan	661'	29'
Morgan to South	640'	29'
South to Bike Path	334'	29'

5.0 Project Officials

Changes in Project Officials must be submitted in writing from an officer of record.

5.1 Chief Executive Officer

(Person authorized in legislation to sign project agreements)

6.0 Attachments / Completeness review

Confirm in the boxes below that each item listed is attached (Check each box) A certified copy of the legislation by the governing body of the applicant authorizing a designated **V** official to sign and submit this application and execute contracts. This individual should sign under 7.0, Applicant Certification, below. A certification signed by the applicant's chief financial officer stating the amount of all local share 1 funds required for the project will be available on or before the dates listed in the Project Schedule section. If the application involves a request for loan (RLP or SCIP), a certification signed by the CFO which identifies a specific revenue source for repaying the loan also must be attached. Both certifications can be accomplished in the same letter. A registered professional engineer's detailed cost estimate and useful life statement, as required in 164-1-13, 164-1-14, and 164-1-16 of the Ohio Administrative Code. Estimates shall contain an engineer's seal or stamp and signature. A cooperative agreement (if the project involves more than one subdivision or district) which identifies the fiscal and administrative responsibilities of each participant. Farmland Preservation Review - The Governor's Executive Order 98-IIV, "Ohio Farmland Protection Policy" requires the Commission to establish guidelines on how it will take protection of productive agricultural and grazing land into account in its funding decision making process. Please include a Farm Land Preservation statement for projects that have an impact on farmland. Capital Improvements Report. CIR Required by O.R.C. Chapter 164,06 on standard form. Supporting Documentation: Materials such as additional project description, photographs, economic **/** impact (temporary and/or full time jobs likely to be created as a result of the project), accident reports, impact on school zones, and other information to assist your district committee in ranking

7.0 Applicant Certification

Integrating Committee.

The undersigned certifies: (1) he/she is legally authorized to request and accept financial assistance from the Ohio Public Works Commission as identified in the attached legislation; (2) to the best of his/her knowledge and belief, all representations that are part of this application are true and correct; (3) all official documents and commitments of the applicant that are part of this application have been duly authorized by the governing body of the applicant; and, (4) should the requested financial assistance be provided, that in the execution of this project, the applicant will comply with all assurances required by Ohio Law, including those involving Buy Ohio and prevailing wages.

your project. Be sure to include supplements which may be required by your local District Public Works

Applicant certifies that physical construction on the project as defined in the application has NOT begun, and will not begin until a Project Agreement for this project has been executed with the Ohio Public Works Commission. Action to the contrary will result in termination of the agreement and withdrawal of Ohio Public Works Commission funding from the project.

Re: Roadway & Drainage Improvements Proposed for S. Professor St. – Phase 1
Statement of Design Life of Construction
Engineers Estimate of Probable Cost

The design life of the proposed resurfacing and drainage improvements for S. Professor St – Phase 1 is expected to be fifteen (15) years for pavement surface and 30-50 years for curb, underdrain and related infrastructure

The probable construction cost of the proposed roadway and drainage improvements for S. Professor St. - Phase 1 has been determined to be \$596,066. The detailed cost estimate is attached.

Randall Roberts, PE

City Engineer
